

東邦医学会雑誌

第53巻 第1号 (平成18年1月)

目次

| | | |
|--------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----|
| ■巻頭言 | 医療情報の公開と利用 長谷川友紀 | 1 |
| ■原 著 | The effect of hCG administration and/or LH surge during periovulatory period on early and mid-luteal function and pregnancy rates in the treatment of infertility Kanda R | 3 |
| | 早期胃癌術後長期予後に関する検討 荒井順也, 丸山雅一 | 11 |
| | Dehydroepiandrosterone reduces intracellular lipid content, peroxy-some proliferator activated receptor- γ mRNA and mRNAs of the genes related to lipid transport and metabolism in mature 3T3-L1 adipocytes Nagasawa K, Yamamoto N, Hiroi N, Yoshino G | 21 |
| | 軽度頭部打撲による細胞外 glutamate の変動 伊藤圭介 | 31 |
| ■症 例 | A case of Hermansky-Pudlak syndrome: Monitoring pulmonary disease with chest CT Shimizu K, Yanagisawa R, Kusano E, Sano G, Takai Y, Hasegawa C, Shibuya K, Kato N, Takagi K, Sanno K, Uchida K | 37 |
| | A case of diffuse aspiration bronchiolitis associated with achalasia of the esophagus Uchida K, Miyashita M, Takai Y, Hirota N, Miyazaki T, Hamanaka N, Sanno K, Shimizu K | 45 |
| ■学会抄録 | 第59回東邦医学会総会 | 51 |
| ■学会参加記 | 第45回米国インターサイエンス (ICAAC) に参加して 館田一博 | 61 |
| ■教室紹介 | 外科学講座 (大森) 心臓血管外科: 信頼される心臓血管外科医をめざして 渡邊善則 | 62 |
| ■論 評 | モーツァルト 250歳 岩崎泰雄 | 64 |

| | |
|----------------------------|----|
| ■CALENDER OF THE YEAR 2006 | 65 |
| ■投稿規定 | 66 |
| ■編集後記 | 69 |

CONTENTS

| | | |
|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----|
| EDITORIAL | Medical information: Opening to the public and its utilization <i>Hasegawa T</i> | 1 |
| ORIGINAL ARTICLES | The effect of hCG administration and/or LH surge during periovulatory period on early and mid-luteal function and pregnancy rates in the treatment of infertility <i>Kanda R</i> | 3 |
| | Long-term outcome of surgery for early gastric carcinoma <i>Arai J, Maruyama M</i> | 11 |
| | Dehydroepiandrosterone reduces intracellular lipid content, peroxysome proliferator activated receptor- γ mRNA and mRNAs of the genes related to lipid transport and metabolism in mature 3T3-L1 adipocytes <i>Nagasawa K, Yamamoto N, Hiroi N, Yoshino G</i> | 21 |
| | Changes in extracellular glutamate after mild skull impact <i>Ito K</i> | 31 |
| CASE REPORTS | A case of Hermansky-Pudlak syndrome: Monitoring pulmonary disease with chest CT <i>Shimizu K, Yanagisawa R, Kusano E, Sano G, et al.</i> | 37 |
| | A case of diffuse aspiration bronchiolitis associated with achalasia of the esophagus <i>Uchida K, Miyashita M, Takai Y, Hirota N, et al.</i> | 45 |
| SUMMARIES | 59th Annual Meeting of the Medical Society of Toho University | 51 |
| CONFERENCE REPORT | 45th Interscience Conference on Antimicrobial Agents and Chemotherapy (ICAAC), Washington D.C., 2005. 12 <i>Tateda K</i> | 61 |
| DEPARTMENT NEWS | Division of Cardiovascular Surgery, Department of Surgery (Omori): To be a reliable cardiovascular surgeon <i>Watanabe Y</i> | 62 |
